9/20/2021

Although weather was a bit foggy this morning we had a very nice turnout at Hogeye for our first of the season Meet and Bird.

I counted 26 birders at one point and there possibly were more for our total. As a group, we saw 33 species. All of the usual Herons, Egrets, Limpkins, but no shore birds as water levels were very high..

Pied Billed Grebes and Belted Kingfishers, Gallinules have returned. We had a nice Loggerhead Shrike pose at the top of a tree for us. Many Black-bellied Whistling Ducks were flying.

Everyone's favorite, by far, was the single Snail Kite who grabbed snails in his talons and perched on snags to eat them. Then he would fly off for another snail and return to the same area.

The Snail Kite was a LIFE bird for several of the birders and it was the first time I had seen him at Hogeye. I did get some pictures from a distance but other birders, I am sure, got better shots than I did.

It was a beautiful morning. Thank you all for coming out and helping to spot the birds. Next Monday, Sept. 27th, 8:00am. I will send info for meeting place via email a couple of days before as I try to find the most interesting (birdiest) place in The Villages for us.
