Hi all - we had a fun trip to Half Moon today! We had 17 birders and saw 37 species including our target birds - Bachmann's Sparrow and several Summer Tanagers! We had great views of two Swallow-tailed Kites perched in a tree and a close-up encounter with a Ruby-throated Hummingbird and Barred Owl!

Thank you to my co-leader Paul Nistico who led us to the Bachmann's sparrow and to Sue P for keeping our eBird list. Also to the great spotters (Wendy, Candi and Beth among others!) along the way! The checklist is attached!
