[the-village-birders] Fort De Soto bird trip -Village Birders' check list 65 species  
(unless I missed anything)

Birders:

Sorry to be late with our list from Fort De Soto.

A fabulous trip with an enthusiastic group of birders and perfectly-perfect weather!

We will definitely be doing this again next year.

IF I have missed any birds please let me know.

Gray-Cheeked Thrush, Blue-headed Vireo, and Nashville Warbler were reportedly by individuals but not seen by the entire group.

IF I have missed any birds please let me know.

Thank you, once again, for coming out and making all of our birding events as good as they are.
