VB

Thank you to our participants and leader Susan Pepper for a total species count of 39 plus 1 questionable rarity an Ash-throated Flycatcher.

What a great morning to be outside! Our day started off with a Northern House Wren who sat for photos, this never happens. Some other fun sightings included a Red-headed Woodpecker, a Yellow-bellied Sapsucker, Swamp Sparrow, Pine Warbler and Yellow-throated Warbler. Total checklist species listed at bottom of this email.

eBird Checklist Link: <https://ebird.org/checklist/S283178993>

Note for Today's eBird Participants - I did not add the Flycatcher to my checklist.
For the two Photographers on today's trip - feel free to add the Ash-throated Flycatcher to your shared copy of the checklist and attached photo support. I look forward to seeing your photos on the shared checklist to help confirm the sighting.

If you want the eBird checklist shared to your eBird account please email me directly with your eBird User ID or the email address associated with your eBird account.

See You Outside:
