[the-village-birders] Coehadjoe Park and Marshall Swamp Trailhead To: Village Birders < The-Village-Birders@googlegroups.com> Reply-To: Alice Horst

9/27/2023

What a great day we had! 16 birders showed up on this gloomy morning. Thank you everyone for coming out today and I hope you enjoyed our venues.

When Coehadjoe Park was not as productive as expected our co-leader, Tami, had the terrific idea to go to Marshall Swamp Trailhead only 6 miles away.

So, off we went!

I had not been to Marshall Swamp for a couple of years and it was far better than I remembered. Many of our birds were very high in the leaves of very TALL trees.

Everyone helped spot and ID the birds. We ended with 9 species of Warblers, 2 Acadian Flycatchers, and Northern Flicker, and others. Thank you Mark for your great spotting and ID!

Although some of you gave me your emails I need your eBird usernames to share our actual eBird list with you.

Email me with those or you can copy these lists into your eBird accounts yourselves.
