2-18-22 Bird Walk Report Emeralda Marsh & Wildlife Drive

We had 8 cars bird the Wildlife Dr. at Emeralda Marsh today and reported 47 species. I know several of you had trouble finding this venue and it sure will be nice to get back to a meeting place, prior to the walk, in The Villages where we can all meet each other, set up cars and had out directions and let's not forget about our wonderful lunches. *The Good Old Days!*

The bird of the day was the male Snail Kite who gave us all great views. Nice to meet all the first timers please join us again on a bird walk.

Bird Checklist Attached

Stop, Look and Listen,
